

Tigre

Emergency light

Product description

The Tigre is a robust and impact-resistant light that impresses with its simple yet effective design. The light is equipped with an autotest function as standard and offers an impact resistance of IK10. It also has an IP66 protection rating against water and dust.

A major advantage of the Tigre is that the pictograms can be installed as an inlay behind the diffuser, eliminating the need to apply stickers. This contributes to a clear appearance and long-lasting durability.

In addition, the light is equipped with a high-quality LiFePO4 battery, providing a long lifespan of 8 years and ensuring reliability with minimal maintenance costs.

Options

CBS 230V-Version

**Permanent circuit (DS)
Standby circuit (BS)**

Mounting frame

Intensity of the light source 300 lm

Including pictograms

Certificates available:

CB/CE/UKCA/RoHS/REACH

Article number	TIG-150AT
Dimensions in mm	252L x 123W x 65H
Watt	3.5W
IK Impact resistance grade	IK10
IP Protection	IP66
Autonomy	3 hours
LED lifespan	50,000 hours
Light source intensity	150Lm
Detection range	20 meters
Battery	1S1P8650
Battery lifespan	8 years
AUTOTEST	Yes
Warranty	5 years
